## NEWS FROM THE RAHN EDUCATION STUDIENKOLLEGS

### PUMPKIN CARVING AT LEIPZIG STUDIENKOLLEG

On October 24, 2023 our international students, some of whom experienced the Halloween tradition for the first time, carved, cut, and created their unique, spooky pumpkin designs.

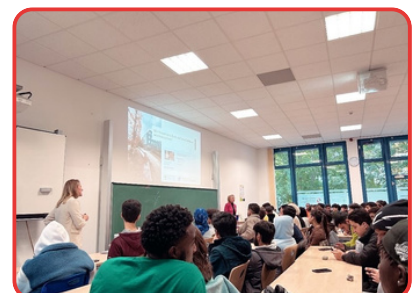

Each pumpkin was proof of real creativity.

**SUMMER SEMESTER INTAKE, APRIL 2024, COURSE T & W**  
**EARLY REGISTRATION RECOMMENDED**

### KIA LECTURE

**Hochschule  
Zittau/Görlitz**  
UNIVERSITY OF APPLIED SCIENCES

On November 2, 2023 Ms. Groß from our partner University of Applied Sciences Zittau/Görlitz visited our Study & Training Studienkolleg with a very interesting lecture on KIA studies: a special type of program where students can study for a bachelor degree while completing vocational training.

KIA studies are available in many technical disciplines, and the advantage is that students receive a salary throughout the entire program.

Our students will also visit the partner university Hochschule Zittau/Görlitz on November 17, 2023.

## VISIT TO HOCHSCHULE MERSEBURG

On November 6, 2023 the students of our Rahn Education Studienkolleg in Halle had an eventful day with lots of information about studying at Hochschule Merseburg.

They received insights from the rector, study coordinator, and the dean of the Faculty of Engineering and Natural Sciences. The day included a campus tour and a live lecture.

On November 13, 2023 another lecture on Dual Studies was held by HTWK Hochschule Leipzig.

## ST. MARTIN'S DAY CELEBRATION

On November 10, 2023 all Rahn Education teams came together to honor the tradition of St. Martin's Day.

It was a celebration of community and tradition.

We are always grateful to our CEO, Mr. Dittrich, for bringing this wonderful tradition to our company.

## SOCCER TOURNAMENT FOR STUDIENKOLLEG LEIPZIG

On December 2, 2023, students from the Study & Training Studienkolleg Leipzig are preparing for an exciting soccer match where they can demonstrate their skills, strength, and teamwork. This is a wonderful opportunity for them to break away from their academic routine and engage in a sporting competition.

## STUDIENKOLLEGS OF RAHN EDUCATION / FAST FACTS
